## What steps do you need to take to create sustainable learning in your institution?

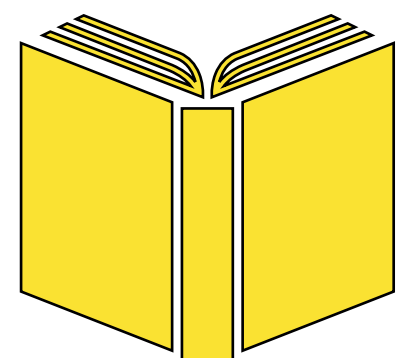

- 1. Acquire scientific knowledge and an evidence-based approach:** Identify the mechanisms that explain student learning problems and the evidence-based solutions
- 2. Establish a deployment plan for your training institute**
- 3. Train the teams and produce the educational material**
- 4. Supporting experimentation**

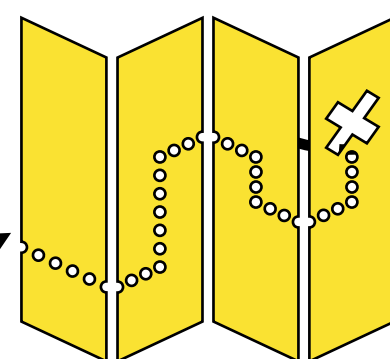

## A training in 3 levels

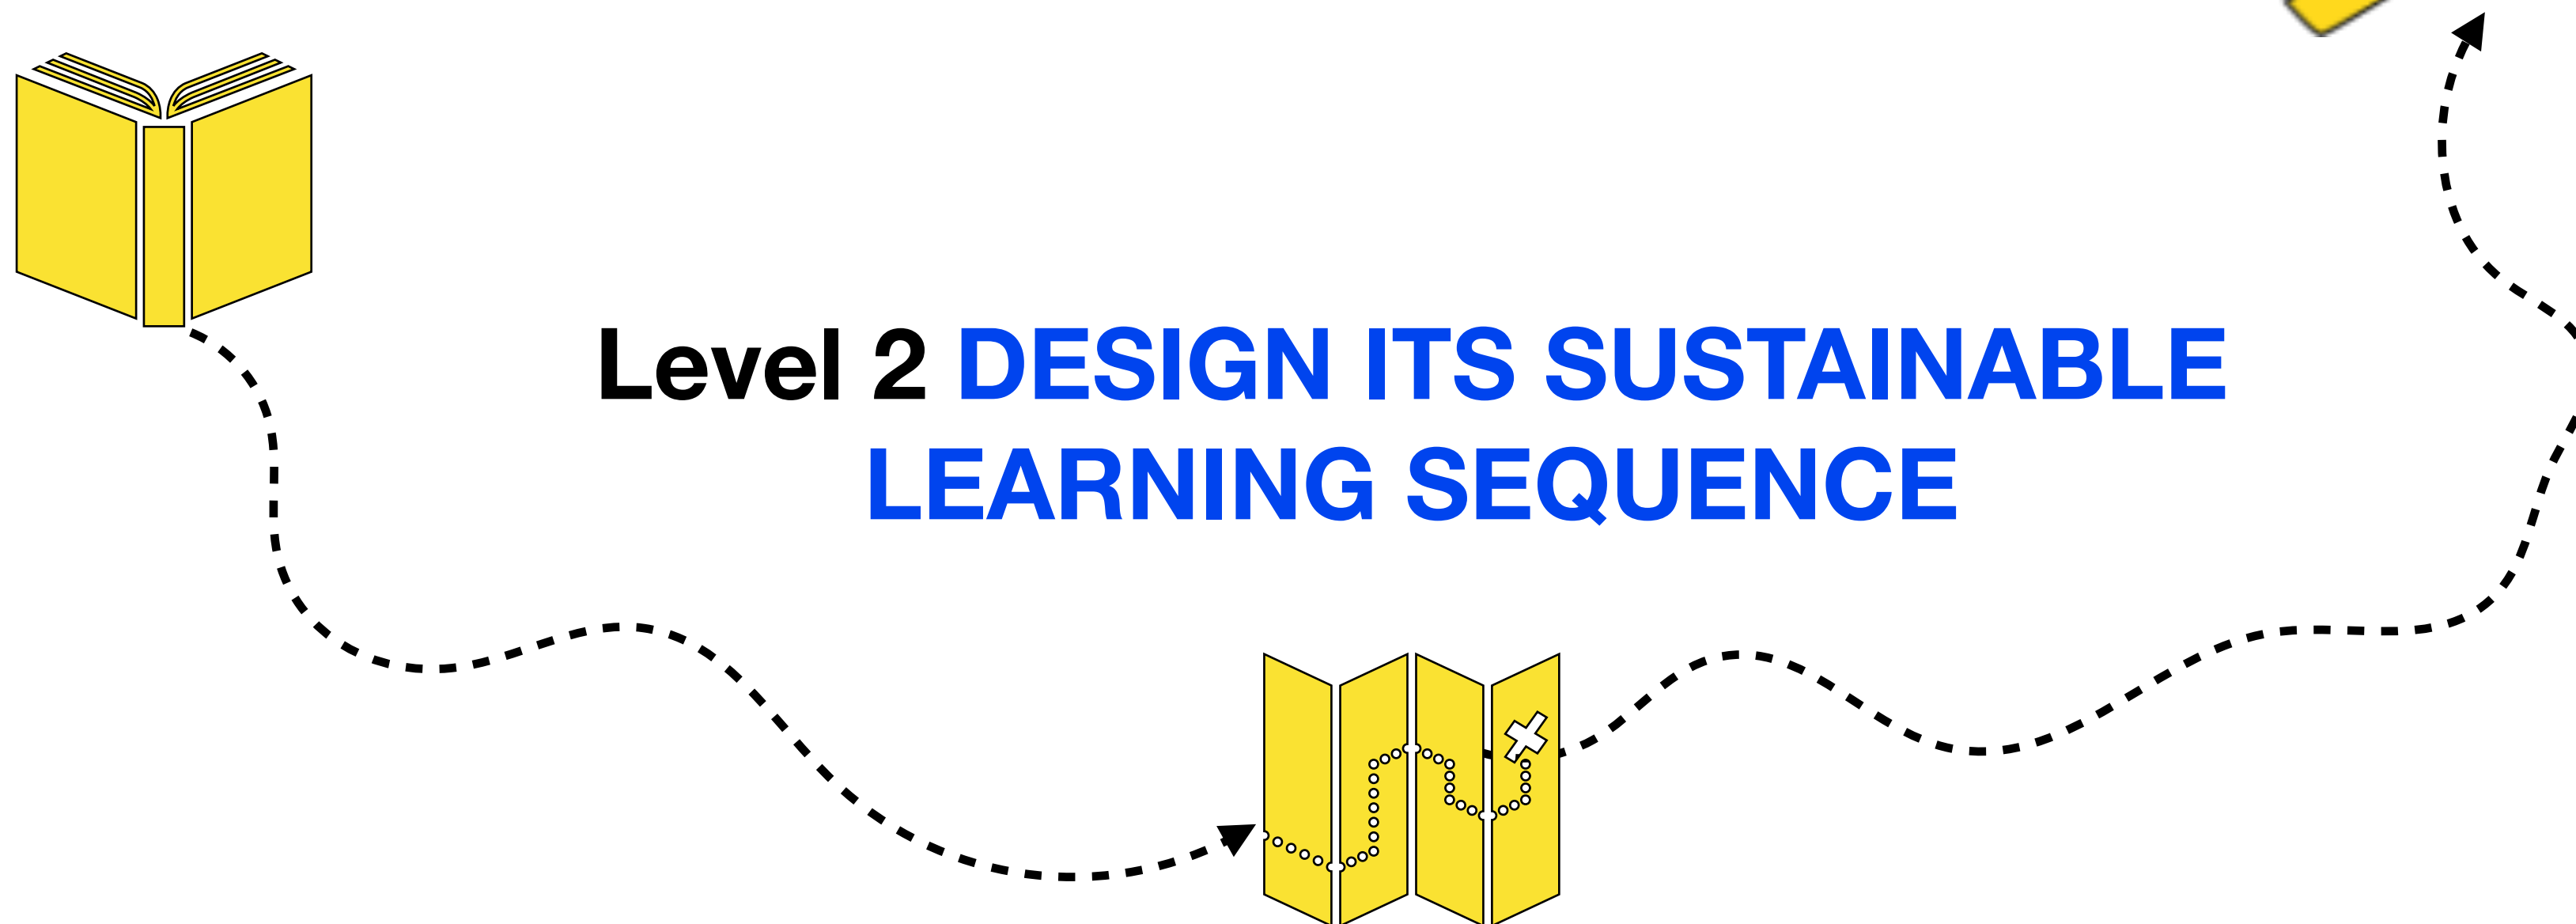

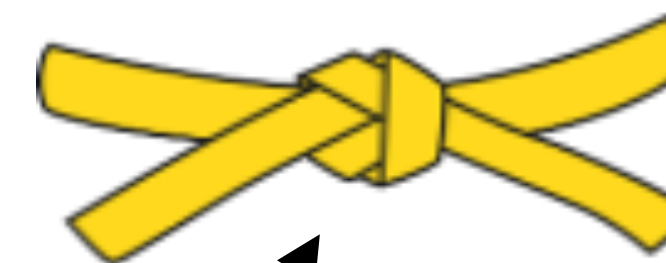

**Level 1 KNOW THE THEORY  
ON SUSTAINABLE LEARNING**

**Level 2 DESIGN ITS SUSTAINABLE  
LEARNING SEQUENCE**

**Level 3 DEPLOY ITS SUSTAINABLE  
TEACHING SEQUENCE**
